GENERAL INFORMATION

Who Is Required to Have This License?

The license requirements for Virtual Currency Business Activity are found primarily in 23 NYCRR Part 200. 23 NYCRR 200.3(a) provides, in part:

“No Person shall, without a license obtained from the superintendent ..., engage in any Virtual Currency Business Activity.”

Also, 23 NYCRR 200.2(q) provides, in part:

“Virtual Currency Business Activity means the conduct of any one of the following types of activities involving New York or a New York Resident:

- (1) receiving Virtual Currency for Transmission or Transmitting Virtual Currency, except where the transaction is undertaken for non-financial purposes and does not involve the transfer of more than a nominal amount of Virtual Currency;*
- (2) storing, holding, or maintaining custody or control of Virtual Currency on behalf of others;*
- (3) buying and selling Virtual Currency as a customer business;*
- (4) performing Exchange Services as a customer business; or*
- (5) controlling, administering or issuing a Virtual Currency.”*

In addition to the items listed in the [checklist below](#), the New York State Department of Financial Services (NY-DFS) may require, as it deems necessary, the submission of any other information or documentation. See, e.g., 23 NYCRR 200.4(a)(15).

Please fill in all sections of the NMLS application that are relevant to the applicant—including the Company Form (MU1) and Individual Forms (MU2) for all relevant individuals as provided below. The checklist below clarifies the items required by NY-DFS for certain parts of the NMLS application. It does not waive any parts of the NMLS application unless the checklist expressly states that those parts of the NMLS application need not be filled out.

Activities Authorized Under This License

This license authorizes the following activities:

- Virtual currency exchanging and trading services
- Electronic money transmitting*
- Issuing prepaid access/stored value*
- Selling prepaid access/stored value*

*These NMLS business activities also encompass virtual currency. Conducting this activity with a virtual currency requires an approved NY Virtual Currency Business Activity License. Conducting this activity with a fiat currency requires an approved NY Money Transmitter License. See the [NY Money Transmitter License New Application Checklist](#) for more information.

NY-DFS does issue paper licenses for this license type.

Document Uploads Guidance

Documents that must be uploaded to the *Document Uploads* section of the Company Form (MU1) in NMLS are indicated in the checklist below. When uploading documents:

- Follow the guidance in [Document Upload Descriptions and Examples](#).
- Only upload documents relevant to the company application.
- Only upload documents where there is a selectable document category. If inappropriate documents are uploaded that should not be, you will be contacted by your regulator and asked to remove them from NMLS.
- Do not upload the same company documents multiple times. Generally, unless the document is state-specific, if the document has already been uploaded for another state, a new upload is not required unless changes have been made.
- If a document previously uploaded has been revised, delete the old document and replace it with the new document (history of the old document will remain in NMLS).
- For state-specific documents (e.g., Surety Bonds), be sure to indicate the applicable state.
